

CLASR Signal Report

Demo manuscript:

Self-Regulated Learning Strategies and Academic Achievement: A Cross-Sectional Study

Reading configuration: Q1 profile, Author Mode, quantitative manuscript

Integrated risk posture: HIGH

Signal summary: 2 critical, 5 major, 4 minor

Structural Review:

MAJOR - Aim-Result Gap. Hypothesis 3 is stated in Introduction section 1.4, absent from Results entirely, and not explained.

Methodological Visibility:

CRITICAL - N:k Ratio Violation. 14 predictors entered with $n=47$ participants. $N:k = 3.4:1$, below the minimum 10:1 stability ratio.

Final Integrated Review:

This is a signal map. It is not a verdict, score, or acceptance prediction. Human judgment remains final.
